About "Spencer" Types.

We still offer two strains of some of the "Spencers," but the lower priced seed,—such as is usually sold,—will not satisfy critical planters.

All who have tried to seed the true "Spencer" varieties must know that they are at best shy seeders.

Re-selected White and Primrose Spencers.

In our catalogs and circulars, a year ago, we stated: "The past season we made the most critical selections (from stock planted on lighter soil,—far from their original home), and if our stock seed holds true shall be able to offer seed of both White and Primrose Spencers of 1909 crop that should come fully 90 per cent. true to type."

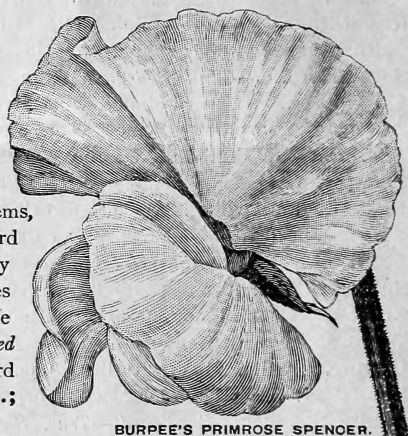

We are pleased to announce that this **Re-selected Stock** came true to the Spencer type and the seed of 1909 crops offered below should satisfy the most critical amateurs.

*A Single Flower of the New
BURPEE'S WHITE SPENCER,
Exactly Natural Size.*

Burpee's White Spencer.

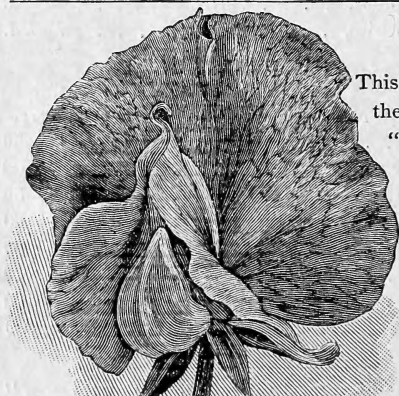

The bold standard is crinkled and fluted; the wavy wings are so folded that the keel is almost hidden. The standard measures from one and three-quarters to two inches across by one and three-eighths to one and five-eighths inches in depth. The wings are fully an inch wide and nearly as deep as the standard. The flowers are borne three and four to the stem and are uniformly well placed. The stems are extra strong and measure from twelve to fifteen inches in length. (*Choicest Re-selected*)
Per lb. \$2.50; 5 lbs. or more at \$2.40 per lb. (Telegraph, WHITE.)

BURPEE'S PRIMROSE SPENCER.

Burpee's Primrose Spencer.

The flowers are well placed on strong thick stems, ten to twelve inches long. The waved standard measures one and three-quarter inches to nearly two inches across by about one and one-quarter inches deep; the crinkled wings are an inch across by one and one-eighth inches deep. The color is a *pronounced primrose* or creamy yellow throughout both standard and wings. (*Choicest Re-selected*) **Per oz. 35 cts.; per lb. \$3.50.** (Telegraph, PRIMROSE.)

Sweet Pea,—St. George.

This is as far superior to Gorgeous as that variety was to the old Meteor, and might be described briefly as a "Glorified Gorgeous." It is a very vigorous grower and wonderfully profuse in flowering. The bold, expanded standard is a rich pure orange in color, while the large wings are a distinct orange-carmine. It is *the most beautiful and brilliant of the rich orange shades*, so that Gorgeous and even Evelyn Byatt will not be wanted where seed of St. GEORGE can be obtained.
Per oz. 65 cts.; per lb. \$6.50. (Telegraph, SANGEORGE.)
